## Welcome to the Evolution of Kayaking

Pakayak - The Ultimate Kayak. Go where you want, store it where you want, take it in your car, wheel it down the sidewalk and paddle it just like a conventional kayak.

### Bluefin 142

Our second gen model is a 14'2" hardshell sea/touring kayak that packs down to 3 ½ feet in under 3 minutes.

#### Specs:

- Assembled Dimensions: 170"L x 24"W x 16"H
- Nested Dimensions: 42"L x 24"W x 16"H
- Cockpit: 18" x 35.5"
- Legroom: 48.5"
- Weight: 59 pounds
- Material: plastic resin specifically formulated for kayaks
- Max Capacity: 300 pounds
- Proudly molded and hand assembled in the USA

#### Features:

- Adjustable foot braces
- Adjustable seat back and foam seat
- Reflective safety lines
- Bungee deck rigging
- Bow and stern watertight bulkheads
- Bow and stern watertight hatches
- Bow and stern handles
- Accepts standard sprayskirt
- Rudder-ready

#### Highlights:

- The Bluefin 142 is a patented sectional kayak made of rotomolded plastic just like conventional kayaks.
- 6 pieces fit inside each other to minimize the storage footprint.
- Transport easily in a car, elevator, cab, train, subway, ferry, or plane.
- Assembles in under 3 minutes.
- The sections are held together using our patented clamping system that apply over ¾ ton of force creating a watertight seal.
- 2 bulkheads keep fore and aft compartments watertight for safety and provide stiffness for better performance.
- Each connection acts as a bulkhead increasing stiffness throughout the kayak.
- Available in four colors.    

#### Easy to Move

Roll it, lift it or carry it.  
Take it anywhere with ease.

#### Easy to Store

Live in an apartment,  
condo or high rise?  
Now, you can store  
your kayak in your closet.

#### Assembles in Minutes

Our patented clamping  
system makes it easy to put  
your Pakayak kayak together  
– watertight –  
in under 3 minutes.

#### Performs Beautifully

The Pakayak Bluefin  
142 looks and  
paddles just like a  
conventional kayak.  
It's fast, nimble and  
comfortable.
